NARRATIVE REPORT

INTRODUCTION

The Regional School Effectiveness and Improvement Service (GwE) has been established in partnership between the six north wales authorities, being Conwy County Borough Council, Denbighshire County Council, Flintshire County Council, Cyngor Gwynedd, Isle of Anglesey County Council and Wrexham County Borough Council, to be accountable to the councils and undertake the statutory function of the councils in respect of school improvement and effectiveness. This includes the duty to monitor, challenge, provide support services for curriculum continued professional development and management of schools, and in addition provide services that can be commissioned by schools and local authorities.

Cyngor Gwynedd has been appointed as host authority in implementing and maintaining the service, and the Joint Committee of all the partners oversees the management of the service.

The GwE Joint Committee accounts for the year 2023/24 are presented here on pages 8 to 36. The Statements of Accounts are prepared in accordance with CIPFA's *Code of Practice on Local Authority Accounting in the United Kingdom 2023/24*.

The Statement of Accounts consist of:

- **Expenditure and Funding Analysis** – Whilst this is not a statutory statement, it shows how annual expenditure is used and funded in accordance with generally accepted accounting practices.
- **Comprehensive Income and Expenditure Statement** - This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices. The income and expenditure has been split between the six councils as follows for 2023/24:

Conwy	15.17%
Denbighshire	15.51%
Flintshire	22.79%
Gwynedd	17.53%
Anglesey	10.09%
Wrexham	18.91%
Total	100.00%

- **Movement in Reserves Statement** – This statement shows the movement in year on the different reserves held by the Joint Committee, analysed into 'usable reserves' and 'unusable reserves'.
- **The Balance Sheet** - Sets out the financial position of the Joint Committee on 31 March 2024.
- **The Cash Flow Statement** - This statement summarises the flow of cash to and from the Joint Committee during 2023/24.

These accounts have been prepared on a going concern basis and are supported by this Narrative Report, the Accounting Policies and various notes to the accounts.

GwE's Vision and Priorities

GwE is the north wales regional school improvement service working alongside and on behalf of the north wales local authorities – Wrexham, Flintshire, Denbighshire, Conwy, Gwynedd, Anglesey.

Our work is driven by an ambition to see the schools and organisations we work with achieve their aspirations and to see all learners succeed.

As proud Welsh citizens with international knowledge we will support our schools to become successful and confident learning organisations. We will work together to ensure that all learners have the education they deserve in a caring environment, so that they can be capable and resilient individuals who achieve their full potential notwithstanding their race, gender, background and creed. We stand against racism and any form of discrimination.

The Business Plan spans a three-year period between 2023 and 2026 and also contains a detailed 12 month Business Plan for 2023-2024. It sets out GwE's strategic objectives for 2023-2026, and the priorities for improvement and the work programmes to be undertaken over 2023-24.

The regional priorities and areas for improvement are based firmly on the findings of our internal self-evaluation processes, external reviews on our current practice and direction of travel, and through consultation with headteachers and the Local Authorities. Our priorities are a combination of improving school provision, leadership and outcomes, as well as delivering The Reform Journey and Curriculum for Wales.

GwE continues to look outward and to welcome challenge from both inside and outside Wales whilst making sure that what it is developing is right for its context. This includes continuously listening to the voice of all stakeholders especially those of teachers and leaders in schools across all sectors and listen to children and young people as they engage with their learning and supporting them in achieving their aspirations.

GwE has a clear plan that sets out how, in close collaboration with key stakeholders, it will strengthen leadership, improve teaching and learning, increase aspiration to impact on standards, ensuring the school environment supports learners' and practitioners' well-being.

The Business Plan also addresses Welsh Government and the Local Authorities strategic priorities that fall within the remit of the work of GwE. The plan also considers how schools and educational settings continue to face the challenges of the pandemic.

Financial Strategy

The Joint Committee's Financial Strategy and 2023/24 Budget was adopted by the Joint Committee at its meeting on 15 February 2023 sets out the foundation to achieve the improvement priorities, whilst also trying to meet the continuous increase in demand for services. The Financial Strategy is unavoidably dependent upon these priorities. The strategy is available at: <https://www.gwegogledd.cymru/about-us/governance/joint-committee/?lang=en>

2023/24 Performance

GwE reports quarterly on the performance of the service in delivering the service functions and key aims. The Annual Performance Report is available at (Joint Committee 22 May 2024): <https://www.gwegogledd.cymru/about-us/governance/joint-committee/?lang=en>

2023/24 Financial Performance

- The Comprehensive Income and Expenditure Statement on page 9 shows that the Joint Committee's gross revenue expenditure on 'cost of services' level was £17,840k during 2023/24, with a net position of £817k.
- The financial out-turn position for 2023/24 was reported to the Joint Committee at its meeting on 22 May 2024. Joint Committee Members' approved the transfer of £77k from earmarked reserves to finance this year's overspend.
- The Comprehensive Income and Expenditure Statement and the Movement in Reserves Statement on pages 9 and 10 detail the analysis in movements for the year.

TABLE I - Budget and Actual Comparison Summary (Net)

Table I provides a budgetary performance comparison at a summary level, which is detailed further in Table 2.

*Transposition Adjustment – This adjustment relates to the net contribution to and from reserves, the interest on balances received during the financial year and a technical adjustment to the out-turn.

Material Items of Income and Expenditure

Related Items include :-

- £481k on pensions, being the annual remeasurement of the net defined benefit liability/(asset) relating to pensions, in line with Gwynedd Pension Fund's Actuary's assessment (Note 15).
- £17,023k in grants and contributions and equivalent expenditure (Note 19).

Other Issues

- On January 31st, 2024, Jeremy Miles, Minister for Education and Welsh Language published a written statement: The next stage in the review of school improvement - the roles and responsibilities of education partners in Wales <https://www.gov.wales/written-statement-next-stage-review-school-improvement-roles-and-responsibilities-education> . This statement outlined changes to school improvements arrangement in Wales with the regional consortia model being replaced by a partnership model between two or more Local Authorities from April 1st, 2025. However, the timetable and potential models are yet to be confirmed.
- The economic instability and financial risks continue in the UK and globally. Whilst inflation rates have fallen and an expectation that interest rates will reduce, the Office for Budget Responsibility (OBR) recognises that the UK's medium-term fiscal outlook remains challenging. The Joint Committee has taken these circumstances into account in its financial plans, and keep a prudent level of reserves.

Reserves

The Joint Committee has usable reserves of £677k. These are detailed in the Balance Sheet, Movement in Reserves Statement and in Note 10.

Pension Fund

The Joint Committee (as an employer) has a nil net liability from its share of the assets and liabilities of the Gwynedd Pension Fund as recognized on its Balance Sheet at 31 March 2024. This has been calculated by the Fund's Actuary, Hymans Robertson, in line with International Accounting Standard 19. Refer to Note 22 for further information.

The net pension liability is a position at one point in time. Market prices can move substantially up or down in the short term and it is therefore not possible to quantify the long-term effect such movements in market prices will have on the Pension Fund. The last valuation was at 31 March 2022, with the next to be held 31 March 2025.

Governance

GwE is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, which includes arrangements for the management of risk. Further information is included within the Annual Governance Statement.

Accounting Policies

The Joint Committee's existing accounting policies are amended only insofar as to reflect the guidance in the 2023/24 CIPFA Code of Practice on Local Authority Accounting in the United Kingdom.

Changes in Accounting Policies and to the Accounts

The Joint Committee's existing accounting policies have been amended to reflect only the changes required in accordance with proper accounting practices, following adjustments for the 2023/24 financial year to the Code of Practice on Local Authority Accounting in the United Kingdom.

GwE JOINT COMMITTEE

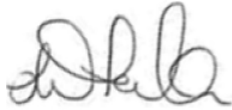

STATEMENT OF ACCOUNTS

STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS

THE JOINT COMMITTEE'S RESPONSIBILITIES

Cyngor Gwynedd as host authority bears the responsibility for the arrangements and administration of the Joint Committee's financial affairs.

Cyngor Gwynedd is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In Cyngor Gwynedd, that "Section 151 Officer" is the Head of Finance. It is the Joint Committee's responsibility to manage its affairs to secure economic, efficient and effective use of its resources, to safeguard its assets, and to approve the Statement of Accounts.

Councillor Julie Fallon
GwE Joint Committee Chairperson

27 November 2024

THE HEAD OF FINANCE'S RESPONSIBILITIES

The Head of Finance is responsible for the preparation of the GwE Joint Committee Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC *Code of Practice on Local Authority Accounting in the United Kingdom* ("the Code").

In preparing the statement of accounts, the Head of Finance has selected suitable accounting policies and then applied them consistently; has made judgements and estimates that were reasonable and prudent and complied with the Code.

The Head of Finance has also kept proper accounting records which were up to date, and has taken reasonable steps for the prevention and detection of fraud and other irregularities.

RESPONSIBLE FINANCIAL OFFICER'S CERTIFICATE

I certify that the Statement of Accounts has been prepared in accordance with the arrangements set out above, and presents a true and fair view of the financial position of the GwE Joint Committee at 31 March 2024 and the Joint Committee's income and expenditure for the year then ended.

Dewi Aeron Morgan CPFA
Head of Finance, Cyngor Gwynedd

MOVEMENT IN RESERVES STATEMENT

The Movement in Reserves Statement shows the movement from the start of the year to the end on the different reserves held by the Joint Committee, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure) and other 'unusable reserves'. The Statement shows how the movements in year of the Joint Committee's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return to the amounts chargeable to council tax (via the councils' contributions). The Net Increase/Decrease line shows the statutory General Fund Balance movements in the year following those adjustments.

BALANCE SHEET

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Joint Committee. The net assets of the Joint Committee (assets less liabilities) are matched by the reserves held by the Joint Committee. Reserves are reported in two categories. The first category of reserves is usable reserves, i.e. those reserves that the Joint Committee may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use. The second category of reserves is those that the Joint Committee is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Pension Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents of the Joint Committee during the reporting period. The statement shows how the Joint Committee generates and uses cash and cash equivalents by classifying cash flows as operating and investing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Joint Committee are funded by way of grant income or from the recipients of services provided by the Joint Committee.

NOTES TO THE ACCOUNTS

NOTE I – ACCOUNTING POLICIES

I.1 General Principles

The Statement of Accounts summarises the Joint Committee's transactions for the 2023/24 financial year and its position at the year-end of 31 March 2024. The Joint Committee is required to prepare an annual Statement of Accounts by the Accounts and Audit (Wales) Regulations 2014 (as amended), in accordance with proper accounting practices. These practices primarily comprise the *Code of Practice on Local Authority Accounting in the United Kingdom 2023/24*, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is historical cost. The accounts have been prepared on a going concern basis.

The Joint Committee's practice is to operate on the basis that all items of expenditure are treated as revenue in the first instance. Should any items of a capital nature (e.g. IT equipment, furniture) prove to have a material significance on the true and fair presentation of the financial position then the items would be treated according to proper practices.

The nature of the Joint Committee's transactions is limited and only the relevant policies can be seen below.

I.2 Accruals of Expenditure and Income

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received.

- Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations in the contract.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

I.3 Cash and Cash Equivalents

The Joint Committee does not have its own bank account and cash is administered by Cyngor Gwynedd within its own accounts.

NOTE I – ACCOUNTING POLICIES (continued)

I.4 Employee Benefits

I.4.1 Benefits Payable during Employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave for current employees and are recognised as an expense for services in the year in which employees render service to the Joint Committee. An accrual is made for the cost of holiday entitlements (or any form of leave, e.g. time off in lieu) earned by employees but not taken before the year-end that employees can carry forward into the next financial year. The accrual is charged to the Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement to the accumulated absences account so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

I.4.2 Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Joint Committee to terminate an officer's employment before the normal retirement date or an officer's decision to accept redundancy voluntarily and are charged on an accruals basis in the Comprehensive Income and Expenditure Statement at the earlier of when the Joint Committee can no longer withdraw the offer of those benefits or when the Joint Committee recognises costs for a restructuring.

Where termination benefits involve the enhancement of pensions, statutory provisions require the Joint Committee Fund balance to be charged with the amount payable by the Joint Committee to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

I.4.3 Post-employment Benefits

Employees of the Joint Committee are members of one pension scheme:

- The Local Government Pensions Scheme, administered by the Gwynedd Pension Fund at Cyngor Gwynedd.

The scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees when they worked for the Joint Committee and their previous employers.

I.4.4 The Local Government Pension Scheme

All other staff, subject to certain qualifying criteria, are entitled to become members of the Local Government Pension Scheme. The pension costs charged to the Joint Committee's accounts in respect of this group of employees are determined by the fund administrators and represent a fixed proportion of employees' contributions to this funded pension scheme.

The Local Government Scheme is accounted for as a defined benefit scheme.

The liabilities of the Gwynedd Pension Fund attributable to the Joint Committee are included in the Balance Sheet on an actuarial basis using the projected unit method i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions such as mortality rates, employee turnover rates, etc., and projected earnings for current employees.

Liabilities are discounted to their value at current prices, using a discount rate of 4.85% calculated as a weighted average of 'spot yields' on AA rated corporate bonds.

The assets of the Gwynedd Pension Fund attributable to the Joint Committee are included in the Balance Sheet at their fair value as determined by the Fund's Actuary.

The change in the net pensions liability is analysed into the following components:

NOTE I – ACCOUNTING POLICIES (continued)

Service cost comprising:

- Current service cost – the increase in liabilities as a result of years of service earned this year – this is shown in the Comprehensive Income and Expenditure Statement.
- Past service cost – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years – debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement.
- Net interest on the net defined benefit liability/(asset), i.e. the net interest expense for the Joint Committee – the change during the period in the net defined benefit liability/(asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability/(asset) at the beginning of the period – taking into account any changes in the net defined benefit liability/(asset) during the period as a result of contributions and benefit payments.

Remeasurements comprising:

- The return on plan assets – excluding amounts included in net interest on the net defined benefit liability/(asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.
- Actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.
- Asset ceiling adjustment – reduces to the calculated asset ceiling if this is lower than the asset position.
- Contributions paid to the Gwynedd Pension Fund – cash paid as employer's contributions to the Pension Fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Joint Committee to the Pension Fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The balance that arises on the Pensions Reserve thereby measures the impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

International Accounting Standard (IAS) 19 governs how the long-term liabilities which exist in relation to pension costs should be reported. Local councils (including Joint Committees) in England and Wales are required to produce their financial statements in accordance with IAS 19.

1.4.5 Discretionary Benefits

The Joint Committee also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff (including teachers) are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

NOTE I – ACCOUNTING POLICIES (continued)

1.5 Events after the Reporting Period

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events; and
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

1.6 Prior Period Adjustments, Changes in Accounting Policies, Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change, and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Joint Committee's financial position or financial performance. Where a change is made, it is applied retrospectively (unless not material or stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

1.7 Government Grants and Other Contributions

Grants and contributions relating to capital and revenue expenditure are accounted for on an accruals basis, and recognised immediately in the Comprehensive Income and Expenditure Statement as income, except to the extent that the grant or contribution has a condition that the Joint Committee has not satisfied.

1.8 Overheads and Support Services

Charges for services provided by the Central Support Departments within Cyngor Gwynedd are derived from a combination of pre-determined fixed charges, actual recorded staff time, transaction logging and pre-determined formulae.

1.9 Reserves

Specific reserves are created to set aside amounts for future spending schemes. This is done through transfers out of the General Fund Balance in the Movement in Reserves Statement.

Certain reserves, namely “unusable reserves”, are kept for the technical purpose of managing the accounting processes for non-current assets, financial instruments and employee benefits. These do not represent the usable resources of the Joint Committee.

1.10 Value Added Tax

Only in a situation when VAT is irrecoverable will VAT be included or charged as ‘irrecoverable VAT’. Since the Joint Committee has not registered for VAT, the VAT is recovered through Cyngor Gwynedd's VAT registration.

NOTE 1 – ACCOUNTING POLICIES (continued)

1.11 Debtors and Creditors

The Joint Committee's Accounts are maintained on an accruals basis in accordance with the Code of Accounting Practice. The accounts reflect actual expenditure and income relating to the year in question irrespective of whether the payments or receipts have actually been paid or received in the year.

1.12 Joint Operations

Joint operations are arrangements where the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities relating to the arrangements. The activities undertaken by the Joint Committee in conjunction with other joint operators involve the use of the assets and resources of those joint operators. In relation to its interest in a joint operation, the Joint Committee as a joint operator recognises its share of assets, liabilities, revenue and expenses.

The GwE Joint Committee has been categorised as a Joint Operation, making use of the assets and resources of the operators rather than the establishment of a separate entity.

NOTE 2 – CHANGE IN ACCOUNTING POLICY

The Joint Committee's existing accounting policies are amended only insofar as to reflect the guidance in the 2023/24 CIPFA Code of Practice on Local Authority Accounting in the United Kingdom.

NOTE 3- PRIOR PERIOD ADJUSTMENTS

There are no prior period adjustment during 2023/24.

NOTE 4 – ACCOUNTING STANDARDS THAT HAVE BEEN ISSUED BUT HAVE NOT YET BEEN ADOPTED

The CIPFA Code of Practice on Local Authority Accounting in the United Kingdom requires the expected impact of any accounting standards that have been issued but not yet adopted to be disclosed.

A review of the accounting standards has been carried out this year, but none of the standards in question will have a material impact on GwE.

NOTE 5 – CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

In applying the accounting policies set out in Note 1, the Joint Committee has had to make judgements, estimates and assumptions relating to complex transactions, those involving uncertainty about future events and also the carrying amounts of assets and liabilities that are not readily apparent from other sources.

The judgements, estimates and associated assumptions applied are based on current proper practices, historical experience, and other factors that include historical and current assumptions and projections, and actual future projections, professional assessments, current trends, and local factors that are considered to be relevant.

In recent years there has been some uncertainty about future levels of funding from Welsh Government relating to revenue and capital grants. This issue forms an important part of the Joint Committee's continually revised financial strategy, and where all known and forecasted factors are given due consideration. Continued economic uncertainty remains, with high level of inflation and interest rates.

All available and related information is sourced and applied in assessing and determining the position, which is particularly critical when considering such matters as the actuarial valuation of pension fund assets and commitments, earmarked reserves, provisions and contingent liability. However, because these issues cannot be determined with certainty, actual results may subsequently differ from those estimates. The estimates and underlying assumptions are continually reviewed.

NOTE 6 – ASSUMPTIONS MADE ABOUT FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Statement of Accounts contains estimated figures that are based on assumptions made by the Joint Committee about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because certain balances cannot be determined with certainty, actual results could be different from the assumptions and estimates.

The following item in the Joint Committee’s Balance Sheet at 31 March 2024 may be considered to be a significant risk (in terms of certainty in estimation of value), with the possibility of material adjustment in the forthcoming financial year:

Item	Uncertainties	Effect if actual results differ from assumptions
Pensions Liability	<p>Estimating the net liability to pay pensions depends on a number of complex judgments relating to the discount rate used, the rate at which wages are expected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries are involved in giving expert advice to the council about the assumptions to be used.</p> <p>Brexit and Covid had negative effects on the UK economy and pension asset values, and currently there are high inflation and interest rates, but the market seems to be improving and stabilizing. However, a pandemic or other global crisis could have a detrimental effect on asset returns, as well as an increase in interest rates to curb the rise of inflation as a result of the recovery.</p>	The effects on the net pension liability of changes in individual assumptions are set out in Note 22.

NOTE 7 – MATERIAL ITEMS OF INCOME AND EXPENSE

Related items include:-

- £481k on pensions, being the remeasurements of the net defined benefit liability/(asset) relating to pensions, in line with Gwynedd Pension Fund’s Actuary’s assessment (Note 15).
- £17,023k in grants and contributions and equivalent expenditure (Note 19).

NOTE 8 – NOTE TO THE EXPENDITURE AND FUNDING ANALYSIS (continued)

(i) Net Change for the Pensions Adjustments

Net change for the removal of pension contributions and the addition of IAS 19 *Employee Benefits* for pension-related expenditure and income:

- For **Services**, this represents the removal of the employer pension contributions made by the Joint Committee as allowed by statute and the replacement with current service costs and past service costs.
- For **Financing and Investment Income and Expenditure**, the net interest on the defined benefit liability is charged to the Comprehensive Income and Expenditure Statement.

(ii) Other Differences

Other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statute:

- For **Services**, this represents an adjustment for accumulated absences earned but not taken during the year.
- For **Financing and Investment Income and Expenditure**, the other differences column recognises adjustments to the General Fund for the timing differences for premiums and discounts.

NOTE 9 – ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Joint Committee in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Joint Committee to meet future expenditure.

15.1 Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Joint Committee accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Joint Committee makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible, with funding requirements set aside by the time the benefits are to be paid.

15.2 Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

NOTE 17 – OFFICERS' REMUNERATION

17a. The Accounts and Audit (Wales) Regulations 2014 (as amended) require the Joint Committee to disclose the following information relating to employees appointed as Senior Officers, and whose salary is between £60,000 and £150,000. In compliance with the defined requirements, the pensionable pay, employer's pension contributions and other employer costs are included below (including termination benefits), but the employer's national insurance contributions are excluded. The remuneration paid to the Joint Committee's senior officers directly employed by GwE is as follows:

2022/23			Chief Officers	2023/24

NOTE 20 – RELATED PARTIES

The Joint Committee is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Joint Committee or to be controlled or influenced by the Joint Committee. Disclosure of these transactions allows readers to assess the extent to which the Joint Committee might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Joint Committee. To conform to the requirements, this is done by Members and Senior Officers completing a personal declaration, as defined in the CIPFA Code of Practice.

Function of the Joint Committee

The Regional School Effectiveness and Improvement Service (GwE) has been established in partnership between the six north wales authorities, being Conwy County Borough Council, Denbighshire County Council, Flintshire County Council, Cyngor Gwynedd, Isle of Anglesey County Council and Wrexham County Borough Council, to be accountable to the councils and undertake the statutory function of the councils in respect of school improvement and effectiveness. This includes the duty to monitor, challenge, provide support services for curriculum continued professional development and management of schools, and in addition provide services that can be commissioned by schools and local authorities. Summarised below are the payments and income between the Joint Committee and the Local Authorities for the the 2023/24 financial year. Cyngor Gwynedd has been appointed as host authority in implementing and maintaining the service, and the Joint Committee of all the partners oversees the management of the service.

	Payments made	Amounts owed by the Joint Committee	Income Received	Amounts owed to the Joint Committee
Local Authority	£'000	£'000	£'000	£'000

Cyngor Gwynedd	1,946	391	776	71
Isle of Anglesey County Council	719	238	628	16
Wrexham County Borough Council	1,268	267	831	1

Members

Members of the Joint Committee have an influence over the Joint Committee's financial and operating policies.

Members have declared an interest or relationship (as defined) in companies or businesses which may have dealings with the Joint Committee. During 2023/24 no payments were made or owed by the Joint Committee for the related bodies.

Officers

The Joint Committee's Senior Officer has declared as required and where appropriate an interest or relationship (as defined) in companies, voluntary, charitable, or public bodies which receive payments from the Joint Committee. During 2023/24 no payments were made or owed by the Joint Committee for the related bodies.

NOTE 21 – EXIT PACKAGES

There were no exit packages in 2023/24 or 2022/23.

NOTE 22 – PENSION COSTS

As part of the terms and conditions of employment of its officers and other employees, the Joint Committee makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Joint Committee has a commitment to make the payments. These need to be disclosed at the time that employees earn their future entitlement.

GwE participates in two post-employment schemes:

- a) **The Local Government Pension Scheme** administered locally by Cyngor Gwynedd. This is a funded defined benefit scheme based on final salary for service up to 31 March 2014 and based on a career average salary from 1 April 2014. The Joint Committee and the employees pay contributions into the fund, calculated at a level intended to balance the pensions liabilities with investment assets. GwE's proportion of the total contributions to the Gwynedd Pension Fund in 2023/24 was 1.3% (1.3% in 2022/23).
- b) **Arrangements for the award of discretionary post-retirement benefits upon early retirement.** This is an unfunded defined benefit arrangement, under which liabilities are recognised when awards are made. However, there are no investment assets built up to meet these pension liabilities, and cash has to be generated to meet actual pensions payments as they eventually fall due.

The Gwynedd Pension Fund is operated under the regulatory framework for the Local Government Pension Scheme and the governance of the scheme is the responsibility of the Pensions Committee of Cyngor Gwynedd. Policy is determined in accordance with the Local Government Pensions Scheme Regulations.

The principal risks to the Joint Committee from the scheme are the longevity assumptions, statutory changes to the scheme, structural changes to the scheme (such as large-scale withdrawals from the scheme), changes to inflation, bond yields and the performance of equity investments held by the scheme. These are mitigated to a certain extent by the statutory requirements to charge the amounts required by statute as described in the accounting policies note to the General Fund.

Transactions Relating to Post-employment Benefits

The Joint Committee recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge it is required to make against council tax (via the councils' contributions) is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year.

^ We have not been informed of any net asset adjustment to apply to the final net asset position as at 31 March 2024 at the time of preparing this version of the Results Schedule.

NOTE 22 – PENSION COSTS (continued)

Pensions assets and liabilities recognised in the Balance Sheet

The amount included in the Balance Sheet arising from the authority's obligation in respect of its defined benefit plan is as follows:

	31 March 2023	31 March 2024
	£'000	£'000
Fair value of plan assets	26,324	29,888
Present value of obligations	(22,876)	(23,764)
Subtotal	3,448	6,124
Effect of IAS 19/ IFRIC 14	(2,891)	(6,124)
Net Asset/(Liability) arising from Defined Benefit Obligation	557	0

The actuarial valuation of the Joint Committee's pension scheme liabilities and pension reserve shown on the Balance Sheet reports net asset or liability of zero. The Joint Committee's Actuary, Hymans Robertson LLP, determined that the fair value of the Joint Committee's pension plan assets outweighed the present value of the plan obligations at 31 March 2024 resulting in a pension plan asset. IFRIC 14 and IAS 19 Employee Benefits require that, where a pension plan asset exists, it is measured at the lower of:

- The surplus in the defined benefit plan; and
- The asset ceiling, which is capped at £0

The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan. The Joint Committee's actuary calculated the asset ceiling as the net present value of future service costs less net present value of future contributions. The calculated asset ceiling for 2023/24 results in greater future service contributions than future service costs so the economic benefit is limited to zero. The Joint Committee relies and places assurance on the professional judgement of the Actuary and the assumptions used to calculate this actuarial valuation.

The Major Categories of Plan Assets as a Percentage of Total Plan Assets

The actuary has provided a detailed breakdown of Fund assets in accordance with the requirements of IAS19. This analysis distinguishes between the nature and risk of those assets, and to further break them down between those with a quoted price in an active market, and those that are not quoted. The asset split for the Joint Committee is assumed to be in the same proportion to the Fund's asset allocation as at 31 December 2023. The split is shown in the table below. The actuary estimates the bid value of the Fund's assets as at 31 March 2024 to be £3.05bn based on information provided by the Administering Authority and allowing for index returns where necessary. Only a portion of the Fund is related to GwE.

Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, life expectancy and salary levels. Life expectancy is based on the Fund's VitaCurves with improvements in line with the CMI 2022 model, with a 25% weighting of 2022 data, a 0% weighting of 2021 (and 2020) data, standard smoothing (Sk7), initial adjustment of 0.25% and a long term rate of improvement of 1.5% p.a. for both males and females.

Both the Gwynedd Pension Scheme and Discretionary Benefits liabilities have been estimated by Hymans Robertson, an independent firm of actuaries. Estimates for the Gwynedd Pension Fund were based on the latest full valuation of the scheme as at 31 March 2022. The significant assumptions used by the actuary in the following table have had a significant impact on the values of the assets and liabilities as follows:

	31 March 2023	31 March 2024
Financial Assumptions	% p.a.	% p.a.
Pensions Increase Rate	2.95	2.75
Salary Increase Rate	3.45	3.25
Inflation Rate	2.95	2.75
Discount Rate	4.75	4.85
Long-term expected rate of return on all categories of assets	4.75	4.85
Take-up option to convert annual pension into retirement lump sum		
for pre-April 2008 service	65	65
for post-April 2008 service	65	65
Mortality assumptions	Years	Years
Longevity at 65 for current pensioners		
Men	21.9	21.7
Women	24.3	24.1
Longevity at 65 for future pensioners		
Men	22.9	22.7
Women	25.9	25.7

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. In order to quantify the impact of a change in the financial assumptions used, the actuary has calculated and compared the value of the scheme commitments as at 31 March 2024 on varying bases. The approach taken is consistent with that adopted to derive the IAS 19 figures provided in this note.

To quantify the uncertainty around life expectancy, the actuary has calculated the difference in cost to the Joint Committee of a one-year increase in life expectancy. For sensitivity purposes this is assumed to be an increase in the cost of benefits of broadly 3-5%. In practice the actual cost of a one-year increase in life expectancy will depend on the structure of the revised assumption (i.e. if improvements to survival rates predominantly apply at younger or older ages).

NOTE 22 – PENSION COSTS (continued)

The figures in the table below have been derived based on the membership profile of the Joint Committee as at 31 March 2022, the date of the most recent actuarial valuation. The approach taken in preparing the sensitivity analysis shown is consistent with that adopted in the previous year.

Impact on the Defined Benefit Obligation in the Scheme	Approximate increase to Defined Benefit Obligation	Approximate monetary amount
Change in assumption	31 March 2024	31 March 2024
	%	£'000
0.1% decrease in real discount rate	2	466
1 year increase in member life expectancy	4	951
0.1% increase in the Salary Increase Rate	0	65
0.1% increase in the Pension Increase Rate	2	409

Impact on the Joint Committee's Cash Flows

One of the objectives of the scheme is that employer contributions should be kept at as constant a rate as possible. The Joint Committee has agreed a strategy with the fund's actuary to achieve a funding level of 100% over the next 17 years. Funding levels are monitored on an annual basis.

The contributions paid by the Joint Committee are set by the Fund Actuary at each triennial valuation, or at any other time as instructed to do so by the Administering Authority. The contributions payable over the period to 31 March 2024 are set out in the Rates and Adjustments certificate. For further details on the approach adopted to set contribution rates for the Joint Committee, please refer to the 2022 actuarial report dated 28 March 2023.

Information about the Defined Benefit Obligation

	Liability Split	
	31 March 2024	
	£'000	%
Active Members	13,774	58.0
Deferred Members	1,773	7.4
Pensioner Members	8,217	34.6
Total	23,764	100.0

The above figures are for the funded obligations only and do not include any unfunded pensioner liabilities. The durations are effective at the previous formal valuation as at 31 March 2022. The weighted average duration of the defined benefit obligation for the scheme members in 2023/24 is 19 years.

Impact in Future Years

The total contribution expected to be made to the Local Government Pensions Scheme by the Joint Committee in the year to 31 March 2025 is £842k.

As the Actuary's report is based on estimates and due to timing issues, an initial adjustment of £11k has been made in 2023/24, (£36k in 2022/23), to bring the position in the Scheme based on the Actuarial figures in line with the closing position as at 31 March 2024 (before applying any asset ceiling adjustments). This variance has been treated as Actuarial Gains and Losses on Pension Assets and Liabilities.

NOTE 23 – EVENTS AFTER THE REPORTING PERIOD

The Statement of Accounts was authorised by the Head of Finance on 21 June 2024. Events taking place after this date are not reflected in the financial statements or related notes. Where events taking place before this date provided information about conditions existing at 31 March 2024, the figures in the financial statements and notes have been adjusted in all material respects to reflect its impact.

ANNUAL GOVERNANCE STATEMENT

This statement meets the requirement to produce a Statement of Internal Control pursuant to Section 5 of the Accounts and Audit (Wales) Regulations 2014 (as amended by the Accounts and Audit (Wales) (Amendment) Regulations 2018).

Part 1: SCOPE OF RESPONSIBILITY

- 1.1 GwE was established as a Joint Committee to be a regional school effectiveness and improvement service by the 6 North Wales local authorities in 2013 by undertaking the functions that are detailed in an agreement between the Joint Committee and the authorities. In the agreement, the Councils have agreed to work together in a partnering relationship to establish a Regional School Effectiveness and Improvement Service to be accountable to, and undertake the statutory functions of the Councils in respect of school improvement and effectiveness.
- 1.2 The vision was to establish a Regional School Effectiveness and Improvement service to be accountable to, and undertake the statutory responsibilities of the six local North Wales Authorities in respect of the duties to monitor, challenge, provide support services for curriculum, continued professional development and management of schools, and in addition provide services that can be commissioned by schools and local authorities.
- 1.3 GwE is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively.
- 1.4 In discharging this overall responsibility, GwE is also responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and which includes arrangements for the management of risk and adequate and effective financial management.

Part 2: THE PURPOSE OF THE GOVERNANCE FRAMEWORK

- 2.1 The governance framework comprises the systems and processes, and culture and values, by which GwE is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the authorities that are part of GwE to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.
- 2.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness.
- 2.3 The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of GwE's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.
- 2.4 The governance framework described above has been in place at GwE for the year ended 31 March 2024 and up to the date of approval of the 2023/24 statement of accounts.

Part 3: GOVERNANCE ARRANGEMENTS AND THEIR EFFECTIVENESS

- 3.1 The GwE Management Board monitors matters of governance continuously in a disciplined manner, raising a wider awareness of these, and promoting a wider ownership of the Annual Governance Statement.
- 3.2 To demonstrate good governance, GwE must show that it is complying with the core (and supporting) principles contained within the Framework for Delivering Good Governance in Local Government (CIPFA / Solace, 2016). This statement has been prepared in accordance with those principles.
- 3.3 An outline is given of the Governance Areas and GwE’s arrangements to deal with these, and the effectiveness of these arrangements, in the remainder of this section of the Annual Governance Statement.
- 3.4 For each governance principle, an evaluation has been made based on a combination of:
 - A review of relevant reports and documents prepared during the year;
 - The review of progress made against the Business Plan;
 - Discussion with and based on comments received from officers, SLT and the Management Board.
 - Continuous reflection on the effectiveness of the work, both internally and externally, i.e. Estyn, Education Development Trust, Professor Graham Donaldson, Scottish Government, OECD, Diversity and Anti-Racist Professional Learning (DARPL), Bangor University and other Regional Consortia.

Principle A	Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
Assessment	Assured

How we do this:

- GwE follows the host authority (Gwynedd Council) operating rules, which details how decisions need to be made and the procedures to be followed to ensure they are efficient, transparent and available to local people.
- The GwE Inter Authority Agreement have agreed to the following principles of good governance:
 - Openness and Trust
 - Commitment and Drive
 - Skills and Creativity
 - Effective Relationships
 - Developing and Adaptive
 - Reputation and Standing
 - Reasonableness of Decision Making
 - Necessary Consents
 - Members and Officers’ Commitments
- The voting members of the GwE Joint Committee are governed by the Code of Conduct of their relevant Council. The Codes of Conduct for Councillors and employees within the Constitution of the host authority are built upon the principles of openness, transparency and honesty.

- GwE have worked with DARPL to amend the service’s Vision and Values during the year. As part of the Regional Business Plan, the following service and personal values are embedded within the service and have been set to enable the service to achieve the vision and objectives for delivery. These include:
 - Respect;
 - Trust;
 - Wellbeing;
 - Innovate and inspire;
 - Support and collaborate;
 - Cymru a’r Gymraeg
- Staff are expected to demonstrate the highest standards of the service behaviors and values.
- GwE, supported by the host authority, has procedures in place to ensure the Joint Committee meetings are conducted effectively and decision making is effective.
- All meetings of the Joint Committee during 2023/24 have been held virtually via Zoom. Guidance has been produced for Members in relation to Attending Virtual Meetings.

Principle B	Ensuring openness and comprehensive stakeholder engagement
Assessment	Assured

How we do this:

- The Joint Committee meetings are open meetings, and all papers are published on the host authority (Gwynedd Council) website and the GwE website.
- The Joint Committee meetings have a forward calendar of meetings set out for the year ahead.
- GwE is a partnership organisation. Effective collegiate and collective regional approach between the six local authorities and GwE ensures strong governance and regional consistency in support, messaging and guidance given to schools.
- One of the main strengths of work across North Wales is the consistent messaging from the six local authorities through their political education portfolio holders and directors working with GwE to have one common message for the schools in North Wales. This consistency of messaging has been not only welcomed by schools but also by teacher unions and non-teaching unions who welcomed the clarity of messaging and support for their staff.
- There is full stakeholder engagement via various forums both within and outside the formal governance structure.
- The regional priorities and areas for improvement are based firmly on the findings of our internal self-evaluation processes, external reviews on our current practice and direction of travel, and through consultation with headteachers and the Local Authorities.
- GwE continues to look outward and to welcome challenge from both inside and outside Wales whilst making sure that what it is developing is right for its context. This includes continuously listening to the voice of all stakeholders especially those of teachers and leaders in schools across all sectors and listen to children and young people as they engage with their learning and supporting them in achieving their aspirations.
- GwE encourages stakeholder engagement and feedback via a broad range of communication and engagement methods. Examples include: attendance at Headteacher Federation meetings; cluster groups; weekly bulletin; networks, social media etc.

- GwE have produced a series of reports that we have shared with the Management Board and the Joint Committee during the year. These reports include the views of schools, staff and local authorities on the effectiveness of regional practice. Each report describes the quality of the provision and identifies areas for improvement to drive the learning agenda forward.
- Openness and comprehensive stakeholder engagement is further ensured through:
 - Effective collegiate and collective regional approach between the six local authorities and GwE.
 - Joint working ensuring strong governance and regional consistency in support, messaging and guidance given to schools.
 - Establishing clear lines of communication with key stakeholders.
 - Reports for the Joint Committee
 - Meetings with Management Board and Education Portfolio Holders - key strategic and political decisions.
 - Sharing regular updates and ensure contact and support.
 - Sharing information, key messages and work streams with LAs / Elected Members.
 - Updating key stakeholders on various GwE matters.
 - Sharing regional information and ensure consistent messages.
 - Ensuring consistency as regards national and regional information.
 - Ensuring effective communication.
 - Preparing and co-ordinating regional meetings, for example the Management Board and Joint Committee.
 - Liaising with key stakeholders.
- Teamwork, joint working and collaboration has also been at the heart of the work with schools. GwE has encouraged schools to collaborate through sharing practice and co-constructing areas that need improving. We have invested in various cluster models, alliances and networks, and encouraged schools to find a range of appropriate partners to deliver improvement and changes. All schools in the region are part of a cluster or a forum where they can come together to discuss operational issues as well as sharing best practice. This joint work facilitated by GwE staff has been very successful and sets a very strong infrastructure in place for future work and working relationship across the region.
- The region has also looked outward for good practice in terms of identifying effective peer review models as well as encouraging our schools to develop and evolve their own practice. GwE believe that peer engagement should closely complement the dimensions identified within the OECD publication 'What Makes a School a Learning Organisation'. The principles within sit within all Professional Learning and across GwE.
- Critical to the development of the learning organisation work, there are four transversal themes which run throughout to include Trust, Time, Technology and Thinking Together. These have been fundamental in developing GwE's approach to developing strong partnerships as trust underpins the relationships needed internally and externally for learning organisations to thrive.
- For the last 6 years there has been agreement with Headteachers on a series of regional principles for peer engagement. A model of peer review and improvement planning was agreed (the Schools Partnership Programme [SPP]), approved by the Management Board and Joint Committee. All GwE SIAs have received continuous training and support on peer review, facilitation, mentoring and coaching and a programme is in place to offer SPP training to all 405 regional schools and the Referral Units.
- In June 2022, Welsh Government published the new guidance and information on school improvement and the new framework for evaluation, improvement and accountability. GwE continues to work collaboratively with all schools and settings to develop and refine schools' self-evaluation processes as part of their strategic improvement process. The main focus over the year has been in supporting schools to be 'framework ready' in terms of the School Improvement Framework/Guidance. Task and Finish Group of regional headteachers and GwE staff have developed guidance and exemplar materials for schools regarding the requirement to publish a

summary of self-evaluation findings, progress against prior School Improvement Plan (SIP) priorities, high-level improvement priorities for the forthcoming year and the external support the school will require to achieve those priorities.

- GwE and the Local Authorities are collaborating closely together and have established a regional School Improvement Guidance Task and Finish Group to develop a regional approach to identify, create, deliver and monitor Schools Support Plans. Processes and systems around supporting Schools Causing Concern (SCC) and early identification of schools which demonstrate a downward trajectory, have been strengthened. Revised templates for reporting to Level 1 and Level 2 Local Authority quality groups are operational and have been welcomed by officers. Local Authority officers, who form part of the LA/GwE Task Group, noted that the reporting template has led to sharper discussions around identified concerns and on agreeing next steps.

Principle C	Defining outcomes in terms of sustainable economic, social and environmental benefits
Assessment	Assured

How we do this:

- GwE's overall vision is reflected in the 3 year business plan and is further strengthened in the annual business plan. GwE have worked with DARPL to amend the service's Vision and Values during the year.
- The regional priorities and areas for improvement are based firmly on the findings of our internal self-evaluation processes, external reviews on our current practice and direction of travel, and through consultation with headteachers and the Local Authorities. The Business Plan also addresses Welsh Government and the Local Authorities strategic priorities that fall within the remit of the work of GwE. Each Local Authority has a detailed business plan agreed upon by the head of service and the core lead.
- The clear and robust accountability framework is a key strength in GwE. Detailed business plans on all levels of planning address all aspects of the work of GwE, and clearly note the contribution of the service to the transformation agenda. Plans are fully costed, with clear success criteria and milestones for delivering objectives.
- There are detailed self-evaluation arrangements. Plans are reviewed on a quarterly basis, evaluating progress and impact. Staff on all levels fully understand their responsibility for continued improvement and accountability. Progress towards agreed outcomes on a local authority level is monitored on a quarterly basis and discussed regularly in meetings between the lead adviser and Local Authority. Ongoing issues are referred to GwE Senior leaders in a timely manner.
- Self-evaluation is a strong feature in GwE and the self-evaluation process is cyclical and ongoing. Great emphasis is placed on accountability and continuous review, and there is consistent emphasis on progress in line with priorities.
- A robust financial analysis supports the work of delivering the business plan. A medium-term financial plan is aligned with the business plan. Through increasingly effective use of data to identify key priorities, the link between the business planning process and decisions regarding financial planning is strengthened as the work streams that underpin the business plan clearly note the resources to be used.
- A formal framework is in place to assess the wider value for money provided by GwE. The judgement is consistent across all stakeholders on how to measure the value for money of GwE activities within the structure and objectives of the business plan.
- GwE have also developed an Evaluation and Impact Strategy so that it can clearly evaluate and capture impact of its work in line with its core school improvement function and to enable it to

fully meet the expectations as outlined in the School Improvement Guidance. The purpose of the strategy is to articulate clearly how GwE will engage in ongoing evaluation processes in line with its commitment to developing a culture of continuous improvement as a learning organisation. The self-evaluation processes will draw upon a range of sources that are both qualitative and quantitative which support schools in working towards the national priorities.

- There are rigorous and comprehensive arrangements in place to accurately identify and manage risks on a local, regional and national level. The risk register is a live document, which is kept under regular review to identify increasing risks or risks which are no longer deemed as high level. It is presented to the Joint Committee on an annual basis and when new risks are identified, of which the Joint Committee needs to be made aware. Through effective management of risks to the region, GwE is able to support the region’s objectives, make effective use of resources and meet outcomes as intended.

Principle D	Determining the interventions necessary to optimise the achievement of the intended outcomes
Assessment	Assured

How we do this:

- The Management Board monitors matters of governance continuously and GwE has procedures in place to ensure the Joint Committee meetings are conducted effectively and that decision making is effective. A series of reports have been produced and shared with the Management Board and the Joint Committee during the year. These reports include the views of schools, staff and local authorities on the effectiveness of regional practice. Each report describes the quality of the provision and identifies areas for improvement to drive the learning agenda forward.
- Regular visits by Estyn HMI through the Regional Consortia Link Inspector are consistently fed back very positively on the:
 - Strategic Direction of the Service
 - Increasing maturity in the partnership with Local Authorities
 - Quality of support for individual schools
 - Accuracy of GwE findings matching those of inspectors
 - Range and quality of Professional Learning on offer
 - Rigorous high quality Business Planning process
 - Schools consistently commenting on the quality of support and supportive nature of work with GwE
- GwE has an agreed Inter Authority Agreement (IAA) that sets out clearly how the Joint Committee operates and how decisions are made and procedures need to be followed to ensure efficiency, transparency and accountability.
- The Joint Committee is a joint committee constituted by the Councils under section 101(5) and 102(1) of the Local Government Act 1972 and section 20 of the Local Government Act 2000. Meetings of the Joint Committee are subject to the provisions of the Local Government Act 1972 including the provisions on access to information and meetings held in public.
- Members of the Joint Committee and the public have the full benefit of access to the Joint Committee papers and supporting information.
- The Joint Committee meets a minimum of three times a year.
- The IAA identifies the following two categories of decisions together with the means by which they will be taken:

- 'Joint Committee Matter' – being a matter which is to be decided upon at a quorate (3 voting members) meetings of the Joint Committee by those present and entitled to vote and any such decision will be binding on all the Councils;
- 'Matter Reserved To The Councils' – being a matter which will have to be referred to each Council for decision and, for the avoidance of doubt, any such matter will not be dealt with by the Joint Committee (as the case may be) until the matter has been determined by all of the Councils. If the Councils fail to reach the same decision in respect of such matter then the matter shall be referred under Dispute Resolution as a dispute for resolution.
- The terms of reference and delegated powers of the Joint Committee are to promote joint working in the delivery of the Service through:
 - facilitating constructive partnership working;
 - engaging with key interested bodies and stakeholders when appropriate;
 - carrying out such other activities calculated to facilitate, or which are conducive to the successful delivery of the Service;
 - to oversee the management of the Service and ensure that the Service is provided and performs in accordance with the expectations of the Partner Authorities as reflected in the Full Business Case, Inter Authority Agreement and agreed Annual Business and Commissioning Plans;
 - to approve the budget for the Service on an annual basis;
 - to approve the business plan for the Service on an annual basis;
 - to monitor and manage the risks associated with the Service;
 - to ratify requests from the Service for additional budget funding from individual Councils;
 - to approve the staff structure of the Service;
 - to appoint the Managing Director of the Service;
 - to decide on disciplinary action against the Managing Director;
 - where required, to determine or arrange for the determination of appeals in relation to Human Resources matters.
- The Joint Committee is supported by a Management Board with the following terms of reference:
 - Co-construct the annual Business Plan, including the individual appendices to identify specific requirements at individual LA Level;
 - Monitor progress against the priorities and outcomes identified in the Business Plan on a regular basis;
 - Have arrangements in place to make sure that GwE financial controls and systems are robust;
 - Provide professional advice to the Joint Committee with regard to the appointment of the Managing Director;
 - Regularly report to the Joint Committee.
- GwE has continually reflected on the effectiveness of the work. Staff in GwE adapted their work in order to continue to provide effective services and support for all their school communities. The ability to be flexible and agile and to work effectively together in different teams, often cross sector, has had significant impact on organisational behaviour and external perception.
- GwE continues to look outward and to welcome challenge from both inside and outside Wales whilst making sure that what it is developing is right for its context. This includes continuously listening to the voice of all stakeholders especially those of teachers and leaders in schools across all sectors and listen to children and young people as they engage with their learning and supporting them in achieving their aspirations.

- Both internal and external resources have been used to ensure that we have a balanced perspective on the quality of the work. This has included working with the Education Development Trust, OECD, Scottish Government, DARPL and other Regional Consortia to develop the organisation and plan our future infrastructure.
- Self-evaluation is a strong feature in GwE and the self-evaluation process is cyclical and ongoing. Great emphasis is placed on accountability and continuous review, and there is consistent emphasis on progress in line with priorities.
- The consortium has effective financial management processes in place. Communication and consultation on financial arrangements is effective, and GwE staff, the host local authority and Joint Committee all review the core funding and grant expenditure on a regular basis.
- A robust financial analysis supports the work of delivering the business plan. A medium-term financial plan is aligned with the business plan. Through the self-evaluation process, the link between the business planning process and decisions regarding financial planning is strengthened as the work streams that underpin the business plan clearly note the resources to be used.

Principle E	Developing the entity's capacity, including the capability of its leadership and the individuals within it
Assessment	Assured

How we do this:

- GwE staff have re-purposed their work appropriately over the last few years to continue to deliver effective services and support for all their communities of schools during and after the pandemic.
- Communication and engagement within the leadership structure of GwE has been regular and clear. Key strategic and political decisions were made with clarity and confidence. This resulted in consistent messaging from the local authorities through their political education portfolio holders and directors working with GwE to have one common message for the schools in North Wales. This consistency of messaging has been not only welcomed by schools but also by teacher unions and non-teaching unions who welcomed the clarity of messaging and support for their staff.
- GwE have kept true to their vision and values as an organisation that is continually learning.
- The OECD's transversal themes of Trust, Thinking together, Time and Technology have remained at the heart of the work with schools and partners.
- The service in its entirety has re focused several times to meet the needs of the range of stakeholders. The ability to be flexible and agile and to work effectively together in different teams, often cross sector, has had significant impact on organisational behaviour and external perception. At the heart of the refocusing has been the need to ensure that the well-being of school leaders, their staff and learners is paramount to the decision-making and ensuring that the right level of support, operational or professional, can be directed accurately by the service.
- The consistency and quality of challenge and support to schools is good. Regular training, support and discussions ensure that Supporting Improvement Advisers' knowledge and understanding of national and local developments, and the implications of this on their roles, is good.
- Quality Assurance processes continue to develop and evolve in line with national developments and principles. The Professional Review process has continued during the year which take into account training or development needs.
- Members also of staff have access to appropriate induction tailored to their role with ongoing training and professional development.

- The health and well-being of children and the workforce continues to be a priority, and doing all we can to support the well-being of our school staff, children and young people across the region.
- Messages and information are communicated clearly and on a regular basis to all employees. Generic, purposeful and effective support programmes are offered. Full and sector team meetings offer professional learning and regular opportunities for collaboration, consultation and contributing to discussions and decisions regarding GwE’s direction of work during a period of considerable change.
- GwE has also worked from the beginning of spring 2021 to June 2023 with Professor Graham Donaldson to develop its own staff to effectively support schools with the new curriculum.

Principle F	Managing risks and performance through robust internal control and strong public financial management
Assessment	Assured

How we do this:

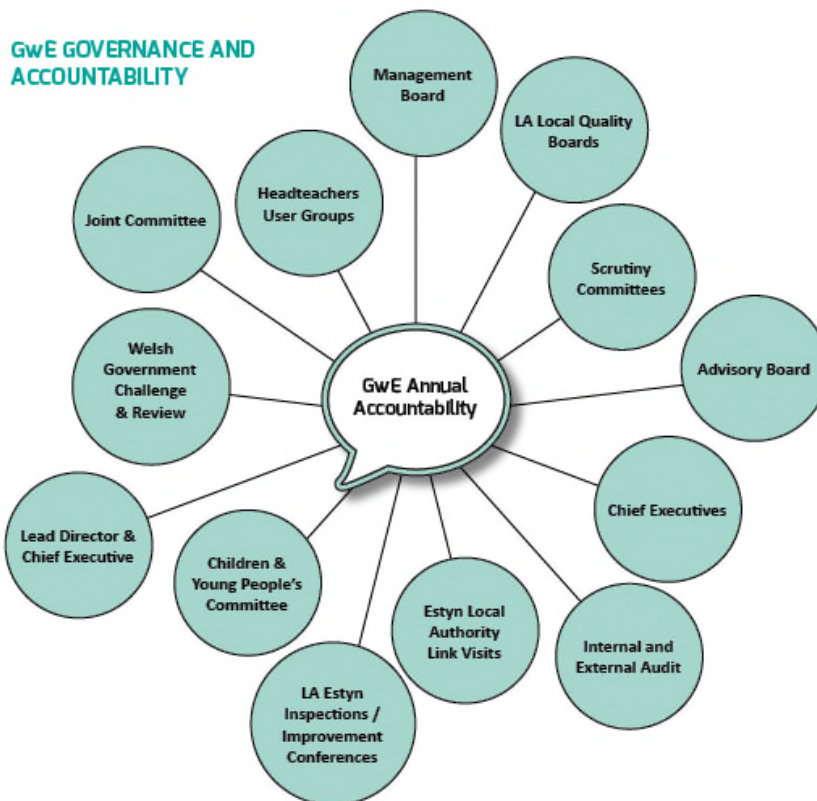

- The clear and robust accountability framework in a key strength in GwE. Detailed business plans on all levels of planning address all aspects of the work of GwE. Plans are fully costed, with clear success criteria and milestones for delivering objectives.
- Throughout the year, reports associated with our priority streams within the Business Plan will be reported through our governance groups. Progress against the Regional Business Plan will be reported on a quarterly basis to the Joint Committee.
- There are detailed self-evaluation arrangements. Plans are reviewed on a quarterly basis, evaluating progress and impact. Staff on all levels fully understand their responsibility for continued improvement and accountability.
- Each Local Authority has a detailed business plan agreed upon by the head of service and the core adviser. Progress towards agreed outcomes on a local authority level is monitored on a quarterly basis and discussed regularly in meetings between the lead adviser and Local Authority. Ongoing issues are referred to GwE Senior leaders in a timely manner.
- The self-evaluation process is cyclical and ongoing. Great emphasis is placed on accountability and continuous review, and there is consistent emphasis on progress in line with priorities.
- The consortium has effective financial management processes in place. Communication and consultation on financial arrangements is effective, and GwE staff, the host local authority and Joint Committee all review the core funding and grant expenditure on a regular basis.
- A robust financial analysis supports the work of delivering the business plan. A medium-term financial plan and workforce plan are both aligned with the business plan. Through increasingly effective use of data to identify key priorities, the link between the business planning process and decisions regarding financial planning is strengthened as the work streams that underpin the business plan clearly note the resources to be used.
- A formal framework is in place to assess the wider value for money provided by GwE. The judgement is consistent across all stakeholders on how to measure the value for money of GwE activities within the structure and objectives of the business plan.
- There are rigorous and comprehensive arrangements in place to accurately identify and manage risks on a local, regional and national level. The risk register is a live document, which is kept under regular review to identify increasing risks or risks which are no longer deemed as high level. It is presented to the Joint Committee on an annual basis and when new risks are identified, of which the Joint Committee needs to be made aware.

- Through effective management of risks to the region, GwE is able to support the region’s objectives, make effective use of resources and meet outcomes as intended.

Principle G	Implementing good practices in transparency, reporting and audit to deliver effective accountability
Assessment	Assured

How we do this:

- There are robust procedures in place both regionally and locally for setting a direction and holding the Regional School Effectiveness Service (GwE) to account. The specific role of the service in school improvement is explicit and clear to all stakeholders.
- There are very clear strategies, policies and processes in place that are understood by all stakeholders, and there exists an effective relationship between the six local authorities and GwE.
- The regional service evaluates its work regularly and uses information effectively to ensure that areas for improvement are identified swiftly and are firmly addressed via detailed business planning. There is a clear and effective process to ensure that the regional service meets Local Authorities corporate priorities and targets.
- The Joint Committee meetings are open meetings and all papers are published on the host authority (Gwynedd Council) website and the GwE website.
- Throughout the year, reports associated with our priority streams within the business plan are reported through our governance groups. GwE has annual accountability to various stakeholders throughout the year as can be seen in the following diagram.

- GwE is a 'relevant body' which must maintain an adequate and effective system of internal audit of its accounting records and system of internal control. In order to comply with these statutory requirements, the internal audit service of the host authority is provided to GwE in accordance with the Public Sector Internal Audit Standards (“PSIAS”). The Standards are relevant to every internal audit service provider for the public sector, whether internal, shared service or external.
- The following process for identifying the need for internal audit and acting on the recommendations has been agreed:
 - Identify the need for audit in specific areas. This work plan will be developed where possible through consideration of risk registers, performance reports, business plans etc.
 - Meeting between the host authority's Audit Manager and GwE's Managing Director.
 - To agree the audit program for the year with the Management Board.
 - Content of the programme to be shared with the Joint Committee.
 - The Audit Unit of the host authority to conduct the audits.
 - Share draft audit reports with relevant GwE management for accuracy and agree actions to address any risks.
 - The host authority's Audit Unit to send audit reports to GwE's Managing Director and relevant managers.
 - Relevant GwE officers to act on agreed actions (administrative issues not requiring Joint Committee input).
 - GwE Managing Director to share individual audit reports with Management Board.
 - The host authority's Audit Manager submits an annual report to the Joint Committee on any audits carried out during the year.
 - Relevant GwE officers to act on Joint Committee decisions.
 - GwE officers to report progress as necessary to the Joint Committee.
- GwE has succeeded in managing and evaluating itself regularly and as a result external accountability bodies opinions have been positive.

Part 4: SIGNIFICANT GOVERNANCE ISSUES

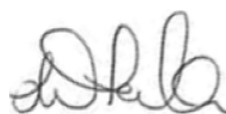

4.1 The above assessment indicates that there are no issues which are a significant governance issue.

Part 5: GOVERNANCE MATTERS IDENTIFIED

5.1 No governance issues were identified in 2023/2024.

Part 6: OPINION

We are of the opinion that the governance arrangements described above offer strong assurance that our governance arrangements work well.

Glossary

Actuarial Gains and Losses – For a defined benefit pension scheme, the changes in actuarial surpluses that arise because events have not coincided with the actuarial assumptions made for the last valuation (experience gains and losses) or the actuarial assumptions have changed.

Asset – Items of worth that are measurable in terms of value.

- A current asset will be consumed or will cease to have material value within the next financial year.
- A non-current asset provides benefit to the Joint Committee and to the services it provides for a period of more than one year.

Balances (or Reserves) – These represent accumulated funds available to the Joint Committee. Some balances (reserve) may be earmarked for specific purposes for funding future defined initiatives or meeting identified risks or liabilities.

Capital Expenditure – Expenditure on the procurement of a non-current asset, which will be used in providing services beyond the current accounting period or expenditure that adds to, and not merely maintains, value of an existing non-current asset.

CIPFA (Chartered Institute of Public Finance and Accounting) – The professional institute for accountants working in the public sector.

Creditors – Amounts owed by the Joint Committee for work done, goods received or services rendered, for which payments have not been made by the end of that accounting period.

Current Service Cost – The increase in the present value of a defined benefit pension scheme's liabilities expected to arise from employee service in the current period.

Debtors – Amount owed to the Joint Committee for work done, goods received or service rendered within the accounting period, but for which payment has not been received by the end of that accounting period.

Defined Benefit Scheme – A pension or other retirement benefit scheme other than a defined contribution scheme.

Defined Contribution Scheme – A pension or other retirement benefit scheme into which an employee pays regular fixed contributions as an amount or as a percentage of pay, and will have no legal or constructive obligation to pay further contributions if the scheme does not have sufficient assets to pay all employees benefits relating to the employee Service in the current and prior periods.

Fair Value – The price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial Instruments – Any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another. The term covers both financial assets and financial liabilities, from straightforward trade receivables (invoices owing) and trade payables (invoices owed) to complex derivatives and embedded derivatives.

General Fund – This is the main revenue fund of the Joint Committee and it includes the net cost of all services financed by local taxpayers and Government grants.

Impairment – A reduction in the carrying value of a fixed asset below its carrying value (due to obsolescence, damage or an adverse change in the statutory environment).

International Financial Reporting Standards (IFRS) – A suite of accounting standards used across the world. They must be applied by all reporting entities to all financial statements in order to provide a true and fair view of the entity's financial position, and a standardised method of comparison with financial statements of the other entities.

Inventories – Amounts of unused or unconsumed stocks held in expectation of future use. They are categorised as goods or other assets purchased for resale, consumable stores, raw materials and Components, Products and Services in intermediate stages of completion and finished goods.

Investment Property – Property that is held solely to earn rentals or for capital appreciation, or both.

Liability – Amounts due to individuals or organisations which will have to be paid at some time in the future.

Related Parties – Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operating decisions.

The report of the Auditor General for Wales to the members of the GwE Joint Committee

Opinion on financial statements

I have audited the financial statements of the GwE Joint Committee for the year ended 31 March 2024 under the Public Audit (Wales) Act 2004.

The GwE Joint Committee's financial statements comprise the Expenditure and Funding Analysis, the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement and the related notes, including the material accounting policies.

The financial reporting framework that has been applied in their preparation is applicable law and UK adopted international accounting standards as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2023-24.

In my opinion, in all material respects, the financial statements:

- give a true and fair view of the financial position of GwE Joint Committee and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with legislative requirements and UK adopted international accounting standards as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2023-24.

Basis of opinion

I conducted my audit in accordance with applicable law and International Standards on Auditing in the UK (ISAs (UK)) and Practice Note 10 'Audit of Financial Statements of Public Sector Entities in the United Kingdom'. My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report.

My staff and I are independent of the GwE Joint Committee in accordance with the ethical requirements that are relevant to my audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Conclusions relating to going concern

In auditing the financial statements, I have concluded that the use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work I have performed, I have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the GwE Joint Committee's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from when the financial statements are authorised for issue.

My responsibilities and the responsibilities of the responsible financial officer with respect to going concern are described in the relevant sections of this report.

Other Information

The other information comprises the information included in the Statement of Accounts other than the financial statements and my auditor's report thereon. The Responsible Financial Officer is responsible for the other information contained within the Statement of Accounts. My opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in my report, I do not express any form of assurance conclusion thereon.

My responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work I have

performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

I have nothing to report in this regard.

Opinion on other matters

In my opinion, based on the work undertaken in the course of my audit:

- the information contained in the Narrative Report for the financial year for which the financial statements are prepared is consistent with the financial statements and is in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2023-24; and
- the information given in the Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and is in accordance with guidance.

Matters on which I report by exception

In the light of the knowledge and understanding of the GwE Joint Committee and its environment obtained in the course of the audit, I have not identified material misstatements in the Narrative Report or the Governance Statement.

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- I have not received all the information and explanations I require for my audit;
- adequate accounting records have not been kept, or returns adequate for my audit have not been received from branches not visited by my team; or
- the financial statements are not in agreement with the accounting records and returns.

Responsibilities of the responsible financial officer for the financial statements

As explained more fully in the Statement of Responsibilities for the Statement of Accounts, the responsible financial officer is responsible for:

- the preparation of the statement of accounts which give a true and fair view and comply with proper practices;
- maintaining proper accounting records;
- internal controls as the responsible financial officer determines is necessary to enable the preparation of statements of accounts that are free from material misstatement, whether due to fraud or error; and
- assessing the GwE Joint ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the responsible financial officer anticipates that the services provided by the GwE Joint Committee will not continue to be provided in the future.

Auditor's responsibilities for the audit of the financial statements

My responsibility is to audit the financial statements in accordance with the Public Audit (Wales) Act 2004.

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. I design procedures in line with my responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

My procedures included the following:

- enquiring of management and those charged with governance, including obtaining and reviewing supporting documentation relating to GwE Joint Committee's policies and procedures concerned with:

- identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
- detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; and
- the internal controls established to mitigate risks related to fraud or non compliance with laws and regulations.
- considering as an audit team how and where fraud might occur in the financial statements and any potential indicators of fraud. As part of this discussion, I identified potential for fraud in the posting of unusual journals;
- obtaining an understanding of GwE Joint Committee’s framework of authority as well as other legal and regulatory frameworks that GwE Joint operates in, focusing on those laws and regulations that had a direct effect on the financial statements or that had a fundamental effect on the operations of GwE Joint Committee; and
- obtaining an understanding of related party relationships.

In addition to the above, my procedures to respond to identified risks included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with relevant laws and regulations discussed above;
- enquiring of management and the GwE Joint Committee about actual and potential litigation and claims;
- reading minutes of meetings of those charged with governance; and
- in addressing the risk of fraud through management override of controls, testing the appropriateness of journal entries and other adjustments; assessing whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

I also communicated relevant identified laws and regulations and potential fraud risks to all audit team members and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

The extent to which my procedures are capable of detecting irregularities, including fraud, is affected by the inherent difficulty in detecting irregularities, the effectiveness of the GwE Joint Committee’s controls, and the nature, timing and extent of the audit procedures performed.

A further description of the auditor’s responsibilities for the audit of the financial statements is located on the Financial Reporting Council’s website www.frc.org.uk/auditorsresponsibilities. This description forms part of my auditor’s report.

Other auditor’s responsibilities

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of GwE Joint Committee in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales’ Code of Audit Practice.
