## **GWYNEDD COUNCIL'S 2020/21 BUDGET**

### **FOREWORD BY THE HEAD OF FINANCE**

Gwynedd Council's 2020/21 budget addresses inflation of £7.7m, together with £6m for the additional demand for services, mainly in social care. Gwynedd Council has budgeted appropriately to maintain valuable services for the people of Gwynedd – especially the people and children who are most vulnerable.

Gwynedd Council's 4.6% grant increase from the Welsh Government of £8.9m met inflation, but was not sufficient to also meet the increase in demand for services. Therefore, in order to balance the 2020/21 budget, the Council had to identify £2m worth of financial savings, as well as increasing Council Tax 3.9%.

After adding inflation and demand, and deducting the savings, the 2020/21 net expenditure will be £261.8m, to be funded by £187.6m of grant income, together with £74.2m Council Tax.

By identifying £1.1m of additional savings and implementing £0.9m of savings already agreed, a 3.9% tax increase will be sufficient to balance Gwynedd's budget this year, while the majority of Welsh local authorities are increasing the tax much higher (an average over 4.5%) and are having to implement more cuts with an effect on residents.

Generally, prudent assumptions were made while considering risks with inflation, specific grants, income levels, and ability to achieve savings. The following budget includes all of the additional spending requirements mentioned above, and when it was approved in the full Council meeting on 05/03/2020 it was a fair estimate of the Council's expenditure requirements and income for 2020/21.

By the end of March 2020, the 'COVID-19' emergency means that many estimates of income (e.g. parking fees) are optimistic, and many expenditure estimates (e.g. cleaning costs, supporting local businesses, additional IT equipment, and protective equipment for those providing care) are insufficient for the possible expenditure. Therefore, of course, we will re-visit those relevant elements of this budget during 2020/21.

Gwynedd Council is the Agent for the Welsh Government with responsibility for managing and maintaining the trunk road network that now extends to 1,174 kilometres in the region of the Council's North and Mid Wales Partnership (with 199 kilometres within Gwynedd). Work carried out by the Agency includes all aspects of trunk road maintenance and improvement, civil engineering, design and supervision.

The Agency also manages the Welsh Transport Technology Consultancy functions in North and Mid Wales since the 1st of April 2017. This includes the public facing aspect of highway transport in Wales which includes managing the associated "Traffic Wales Website", dealing with enquiries from the public and managing the routine and reactive maintenance and improvement of trunk road mechanical and electrical assets through Routine Maintenance (RMC) and Ancillary Works (AWC) term contracts.

The Agency is also responsible for overseeing the Private Finance Initiative contract for the A55 across the Isle of Anglesey as Department's Representative on behalf of the Welsh Government. The Agency also has responsibility for the Traffic Officer Service and North Wales Traffic Management Centre. All the Agency costs are recovered from Welsh Government.

The balance shown does not reflect the true position as part of the income that's related to the service is shown under Corporate services.

## THE CAPITAL BUDGET 2020-2021

---

Capital expenditure involves the provision of new assets for the Council, or the substantial improvement of assets which will be of benefit for a number of years. Also the Council provides various grants, mainly to the private sector to improve Gwynedd's housing stock.

Capital expenditure can be financed from four sources; borrowing, grants and contributions, capital receipts and revenue.

### **Borrowing**

legislative base is contained in the Local Government Act 2003 and the regulations subsequently made by the Welsh Government enable local authorities to determine their own levels of affordable borrowing. Therefore under the prudential system authorities have to decide for themselves how much they can afford to borrow based on a prudent assessment of their capital expenditure requirements. There is a duty for each authority to set an affordable borrowing limit in advance of each financial year, and to monitor their position against the limit and ensure that it is not exceeded. However, the Welsh Government does announce, as part of the annual settlement, a figure which represents the borrowing level which is supported within the Revenue Support Grant, the

The Council borrows most of the money to finance schemes from the Public Works Loan Board and repays it with interest over a number of years.

### **Grants and Contributions**

capital schemes, the Council receives specific grants and contributions from Welsh Government, Central Government and other bodies.

### **Capital Receipts**

a transaction, expenditure on the acquisition of the asset would be classified as capital expenditure - the "mirror principle". A capital receipt is defined as such if the total proceeds from a disposal are more than £10,000.

When the Council sells assets which are surplus to requirements, the whole amount may be used to finance General Fund capital schemes.

### **Revenue**

The Council may also spend part of its revenue budget or balances on capital schemes.
